(God Emperor)「This is the end!! Demon King!」

(Demon-King)「My sweet God Emperor! I will not die like this! It's your turn now! Know despair, God Emperor!!!」

(God Emperor)「Gu! Guaaaaaaa!!」

(Demon-King)「Ahahaha! This is how you end!! God Emperor!」

(God Emperor)「Damn! I didn't want to use this!」

The man called the God Emperor threw a bottle to the Demon King. The bottle crashed onto the Demon King, the contents splashed on his body.

(Demon-King)「How about that! God Emperor!! Dieeeee!!」

(God Emperor)「《Seal》!! Guaaaaaaa!」

(Demon-King)「Guaaaaaaa!!!!!!」

Right before the Demon King's attack reached him, the God Emperor muttered the word 《Seal》. After that, the attack from the Demon King achieved its purpose and the God Emperor died. The Demon King was now fully wrapped in golden light.

Thus, the Demon King's reign ended and was sealed.

= ??? =

(Man)「Are we ready to summon the hero??」

(Children)「Yes. Father.」

(Man)「I see. I am truly sorry in regard to the summoned Hero, but it's with the purpose of saving the world. We might end up getting heavily punished, however we can only try this.」

(Children)「Father.....」

At a high school, behind the gymnasium, four people were gathered. 1 was being beaten up and kicked, while 3 were doing the kicking and beating.

(Boy #1)「Come on! Die!」

(Boy #4)「.....」

(Boy #2)「Say something! Trash!」

(Boy #4)「.....」

(Boy #3)「TCH! It's getting boring. Let's go guys.」

And just like that, the three people: Sato, Kashima, and Agatsuma left. Behind them, lying on the ground with dirt splattered everywhere on his uniform, one person remained. It was Tetsuya Kanzaki.

(Pretty girl)「Kanzaki, you? What happened!?!」

While Tetsuya removed the dirt, one school girl approached.

(Tetsuya)「Yuzuha, it's always the same.」

Yuzuha Sasaki. She's really nice. A beautiful girl with a really good smile and high scholastic aptitude, she is also one of the school's three major goddess.

(Yuzuha)「The same as always... Was it Sato-kun and his band?」

(Tetsuya)「Yes.」

(Yuzuha)「Ah, no good! Are you injured somewhere?」

(Tetsuya)「No」

(Yuzuha)「Mou. Kanzaki..... Why don't you fight back? Kanzaki should be strong enough in order to push Sato-kun back, right?」

(Tetsuya)「Maybe but it's impossible. I could possibly end up killing him. That's because the martial art I'm practicing is from the military and it specializes in killing my opponent, unlike the martial arts practiced as a hobby. You don't need to worry because in three years it will all end, even if i didn't fight back.」

(Yuzuha)「Okay.....However, you have to consult someone whenever it hurts, understand?」

(Tetsuya)「I'll prevent it before that happens.」

Tetsuya and Yuzuha were walking side by side to the classroom. It was the slightly passionate glance from the girls and the malicious and feverish glance from the boys that welcomed him when they entered the classroom.

Tetsuya's appearance was, for better or worse, outstanding. Everything about him was excellent. Because he has an excellent appearance and astonishing grades, one would ask if he was truly human? They started to distrust him. And the main reason... Was still the following...

(Mana)「Yoo! Tetsuya-kun!」

(Yuki)「Hello Tetsuya-kun.」

It was because of these two people. They were the other two of the three major goddesses of the campus. The first one who greeted Tetsuya, was the Public Moral Committee's chairman, Mana Sakazaki. The second to greet him, was the student council president, Yuki Hoshino, the Snow Princess.

This was the reason why Tetsuya received bullying. In short, it was because of jealousy.

Let's return to the main subject.

Tetsuya doubted if they were the same 3 years ago who were in his classroom back then. Do they need something?... is what he wanted to ask. Even though he would hear the same answer everyday.

(Guy)「Mana-senpai, Yuki-senpai, Oi! Open the door!」

When Tetsuya tried to ask the two girls, a voice interrupted him.
(Yuki)「Ara, I can't open it? Seems like I really can't open it...!？」

(Mana)「You're kidding, right!?? What!? Why doesn't it open!」

The entire classroom panicked.

A magic formation, one which would not lose compared to the ones inside mangas, suddenly appeared on the floor. A few seconds later, it shone brightly. After the bright light disappeared, nobody was left inside the classroom. And nobody remembered anything about the students and their classroom.

Chapter 1 – Summon

Chapter 1 – Summon

(TL : When you see the bracket (*words*), it means that these are the thoughts of someone. In this case, they're the thoughts of Tetsuya. The first block was one hell of a block...)

After the lights disappeared when the summoning ended, Tetsuya saw that they were now in a new place. It was a grand hall. Magic Formations were drawn everywhere under them. There were different kinds of people were present. Several had robes on, some wore full plate armors, and there is even one that seemed like a princess.

(Where am I? No, I will think about it later. First, I need to confirm the situation here.

Everyone is here... senpai as well. Our belongings... no use...

I couldn't find my smartphone anywhere even though it should be inside my pocket. Next, I need to figure out what is going on.

Where are we? I don't know.... the buildings gave a kind of medieval Europe feeling.

Who were those people over there? I don't know either....the girl looks like a princess, the same ones you could find inside a picture book. After that, there were people wearing clothes which seemed to be coming from the same era. And are those over there Knights?

This magic circle... it seems to be the same as the one in the classroom. I couldn't remember everything. I only have memories of up until 10 years ago. And is this possibly... a transfer to a different world?

The first thing we should find out is if we can go back to our original or not. Well, we should be able to... Based on the knowledge I had from novels and other stuff, the way back home should be lost ages ago but whether he can return or not, a hero would usually stay in the new world. And that was because of cheats. When someone has these kinds of powers, he will try is utmost to keep them.

Finally, that voice? Seal? It was what the voice said. And that was probably why

I couldn't move my body really well since we appeared here.)

(Somebody)「What is this!」

(And Nobody)「Where are we! What is this place!」

After he came here, Tetsuya had already thought of various things in a short time but his classmates were still in a state of panic.

(Hoshina)「Everyone! Please, calm down!」

Someone raised his voice and tried to settle things down as he gave his opinion.

(Hoshina)「First, we should calm down. I don't know where we are for now. Next, we should hear the story from the people over there」

(Girl)「If Hoshina said so...」

After everyone cooled off a bit, Hoshina displayed an ikemen's aura. Still, he was inferior to Tetsuya by an astronomical value. However, an ikemen is never unattractive. Out of ten people, nine would say he was handsome. He didn't match Tetsuya nonetheless.

(Hoshina)「Nice to meet you. I am Hoshina. I wonder, could you tell me your name? ☆」

(Cerise)「Yes. I am Ingrassia's Kingdom First Princess, Cerise El Von Ingrassia.」

(Looks like she was a Princess after all.)

Cerise, the splendid and beautiful girl, answered politely... And while she answered, she blushed slightly. After that, Cerise started to explain what Tetsuya wanted to know.

(Cerise)「I will now explain to everyone. First, everyone here was summoned into this world as a hero. And this place is what you would call a different world. I implore everyone to kill the demons and subdue the Demon King after his revival in a few years to save the world! It's inexcusable but we still summoned you for our own convenience and for that, I'm terribly sorry! However, we had to do it in order to save the world. Everyone had received strong powers as a hero. Please, use your power well and help us!」

(Hoshina)「I understand! We have to subjugate the Demon King, his demons, and save the world!」

As soon as the splendid Cerise finished her explanations, she received an answer. When Tetsuya heard the talk, he became confused and he hurried to join the conversation.

(Tetsuya)「Wait a minute, please! Even if you said that...」

(Hoshina)「Kanzaki, you! Would you leave the humans of this world to their death? Are you still a hero?」

(Tetsuya)「It's different. The thing I wanted to confirm first is... Your highness the Royal Princess, is returning to our original world possible after we help you? Even though I don't think that it will be possible for us to return, I am at least expecting to know the answer because we were originally not from this world.」

What Tetsuya said was a simple and usual setting from fiction. However, after Cerise heard Tetsuya, she was really surprised. She was blushing as she responded.

(Cerise)「That's right ~desu. It is as you said Tetsuya-san. There is no method for the being 「Tetsuya」 to return. Tetsuya-san's method of returning was incorporated within the summoning magic formation ... And...」

(Hoshina)「Was? What do you mean?」

(Cerise)「The summons must be prepared three years beforehand and should not be started or stopped in the middle of preparation. It was only a month ago that I noticed that a spell to erase your knowledge of the former world was embedded.」

(Hoshina)「I understand that, but why is it impossible to return?」

(Cerise)「It turned out that a previous First Princess had inherited the magic from an Oracle. After that, the magic had been passed down from generation to generation. And according to the Oracle, a powerful hero would always be summoned from the upper world and that it is impossible to go from the lower world to the upper world.」

Everyone gathered in that place stiffened after they heard the news.

(King)「Cerise! Did the summon end?」

While the students from Class 1-A were still stumbling about Cerise's talk, the door behind Cerise opened and a person that looks like a noble or a King, entered.

(Cerise)「Yes, father. I was explaining everything to the heroes right now.」

(King)「I see. I shall now go and greet the heroes.」

The man called father by Cerise faced toward the students.

(Hilbert)「It is an honor to meet you heroes. I am the King of Ingrassia, Hilbert El Lord Ingrassia. I'll say it once more, but we are sorry that we had to summon you. We implore you to save the world with your power. I entrust this wish to you.」

The king bowed toward the students. His face showed a drained expression. And together with him, all the knights, nobles, and the Princess bowed to the new heroes. And there was one person who got excited by watching them.

(Hoshina)「Naturally! We, heroes, will definitely save the world! Leave it to us!」

That one was Hoshina. After a short while, he called out to the students.

(Hoshina)「Well everyone! Because we are all heroes, let's save the world together! We have power! And with this power, let's show them justice!」

(Girl #1)「Yes! Like Hoshina said, I will do it!」

(Girl #3)「Me too!」

(Girl #2)「M-Me as well!」」

(Boy #1)「Because we have cheats!」

(Boy #2)「That's right! Because we are special!」

Then, what would follow after this could only be one thing, war. However, everyone had an excited look on their faces. Knowing that fights would be coming, Tetsuya became worried. As well as three other people who were thinking of the exact same thing.

(Mana)「Tetsuya, what do you think?」

The head of the public moral, Mana, asked Tetsuya about his opinion with a little voice. They were next to Yuki and Yuzuha. Tetsuya also answered with a small voice. It was the start of these four's meeting.

(Tetsuya)「I don't know, but what everyone said looked like a farce.」

(Mana)「Everyone?」

(Tetsuya)「Well. What I mean is, they don't know at all what it means to go into a real battle. I think that everybody here regards this world only as a game」

(Yuzuha)「To say that this is war... Indeed, coming from the successor of the Kanzaki's style.」

(Tetsuya)「That is irrelevant to the current matter. But they have no idea. Sure, I keep that fighting is equal to killing before but there is a big difference between a scuffle and war. Regardless if they go with their cheat or not, it's all over if they end up dying. It's more likely to happen when they meet an unexpected situation. I'm worried that they wouldn't be able to understand and even more

concerned when unforeseen circumstances had spread in the world. And there's one more thing...」

(Mana)「What's wrong?」

(Tetsuya)「I can't move my body well since I came here. I feel like something is wrapped around my body, like chains.」

(Yuki)「On the contrary, my body feels lights.」

(Tetsuya)「It was something like that after all...」

(Hilbert)「Now, please say『Status Open』and see for yourself how strong you are. Come now and let us confirm everyone's status」

(Tetsuya)「Everything will be over soon..」

(Yuzuha)「Maybe. But do you want us to bring you there, Tetsuya?」

(Tetsuya)「Before that, let's check『Status Open』」

People were impressed by the strength displayed by Hoshina’s status. Tetsuya and his friends were still trying to find a solution when they heard the loud noises of the cheers.

(Yuzuha)「Tetsuya, do you have any idea?」

(Tetsuya)「I have some clue.....When I was summoned, I heard the voice of a Guardian, and he said something like Seal」

(Mana)「Huh? Can’t you remember anything else?」

(Cerise)「Ano... Could you show us your status?」

Struggling to find a solution, Tetsuya and the three girls decided to stop their meeting when they heard Cerise and displayed their status to her as well as the King.

(Cerise)「You guys are wonderful! By the way... You are not showing me Tetsuya's status...」

(Tetsuya)「Mine doesn't have anything worth showing...」

(Hilbert)「Tetsuya, would you oblige us?」

(Tetsuya)「Your highness... I understand. But on that note, I would like to ask for your cooperation.」

(Hilbert)「If it's something we can do, I will lend you my aid.」

(Tetsuya)「Then please, look at this」

After Tetsuya showed his status to Cerise and the King, the reaction of the two was...

(Cerise)「Sealed.....」

(Hilbert)「That's impressive. Your status became the same as a commoner. I got the feeling that it should be called a curse rather than a seal... However, according to the title, you are the strongest? And the thing you want our help with...」

(Tetsuya)「That's just it. I need you to help me remove the seal.」

The two were puzzled to know about the state of the strongest hero, and about the seal. They had thought of the same thing. Was removing the seal possible?

(King)「Tetsuya, do you remember anything else when you got sealed?」

(Tetsuya)「Oh, I do. If I am not mistaken, it was something like Magic Guard Invocation. Deleting Target's ability and appearance when awakening status. An error occurred. Switching with the seal... was what I heard.」

(Cerise)「Guard magic.....」

And while Cerise was listening to Tetsuya...

(Sato)「Wow! Kanzaki's status is so lame! Such a small fry! The same level as a commoner」

Sato had seen Tetsuya's status (Mana)「Because it's sealed, it is natural.」

(Yuzuha)「That's right. I'm surprised that even with just 1/500th of your status, you're still at the same level as a commoner. I don't think you have to mind it, Tetsuya.」

(Yuki)「I will find the solution and remove the thing sealing Kanzaki」

Mana, Yuzuha, and Yuki defended Tetsuya. And one by one, jealous and murderous eyes glowed at him.

The three goddesses were unaware as to what was occurring with those people.

= God World, Asura =

(Otherworld God's children)「Grandfather ! ! 」

(Otherworld God)「What, you're noisy ! The Fighting God, the Military Strategist God, and all the gods from Earth came here!」

(Ares)「I am so ashamed of what you did!」

(Otherworld God)「Calm down Ares. I, the God of this world can say without vanity that I am always calm.」

(Ares)「Oh? That may be so but in this case, I will not let this pass! One grasping our powers had been summoned here!」

(Otherworld God)「Oh, did you mean that child?」

The God of the World pointed his finger to the ground. When Ares and the others saw him, they cried!

「「「「Tetsuya ! ! ! 」」」」

Tension grew after they saw Tetsuya.

(Ares)「Hey, did you seal him?」

(Otherworld God)「Yes」

(Otherworld God's children)「Grandfather ! ! Please, undo that!」

(Otherworld God)「It's impossible ! Even someone who transcends God will not be able to do it. We did this because it was too early for him. He wasn't strong enough yet. It was the instruction from our old master to help him. The Emperor God was killed because he had the same circumstance as him」

(Ares)「This means...」

(Otherworld God)「Tetsuya will have no choice but to undo it alone. Or」

(Ares)「Or?」

(Otherworld God)「The Emperor God's Emperor God☆Super special ! may manage to help him.」

(Ares)「Where is it? I'll fetch it!」

(Otherworld God)「It's impossible ! We don't know where it is. It was the Emperor God's last will. "I have hidden my strongest equipment. You need to find the location and the way to enter. Everything inside the chamber can be carried away by whomever is able to go inside. I will not be angry about anything so you don't need to worry. You can find my God Emperor's Soul and my God Emperor's vessel with God Growth level there. Only someone with virtues will be able to, not only enter, but also exploit it! When that happens, I will be able to leave this world without worry." was what he said.」

(Ares)「Seriously...」

(Otherworld God)「It was like that, and it was said that the God Emperor was Japanese」

Aries and the others had been discouraged. They could only wait for Tetsuya to remove the seal on his own now. But they didn't know when or how it might

happen.

Chapter 3 – I wonder if it's a conventional template to get screwed inside a Dungeon?

A month had already passed since Tetsuya and the others were summoned to the other world, the one called 《Asura》. And during that time, the heroes except for Tetsuya, had been striving to become either Templar Knights or Imperial Court Mages (the latter are the ones who specialize in magic more compared to the former). In this world of magic, witchcraft and black magic does not exist.

(The reason why God didn't create these magic in this world was 「Magic is something like fantasy for me! Moreover, between Black Magic and Witchcraft, would you even choose? And Besides, isn't it troublesome to have more branches?」 or something like that.)

Meanwhile, Tetsuya is currently reading a book at the imperial castle's library. It was a grimoire and one that's located at the forbidden section. He usually spent 10 hours a day in the library going through such prohibited books and texts that he actually finished reading them all. And the jealous Sato was used to test the magic (LOL). On the same note, Tetsuya was recently assaulted by a murderous gaze from Hoshina when he was seen talking to Mana. What Hoshina didn't know was that Tetsuya was aware of how he looked at him. He knew that Hoshina would want to mess with him whenever there was a chance.

And today too.....

(Yuzuha)「Ah, Kanzaki-Kun. You went to the library again today?」

(Tetsuya)「Well there aren't anything else I can do, right?」

(Mana)「Then how about a match with me, Tetsuya?」

(Tetsuya)「Please excuse me Mana senpai. If it was before back in Earth, sure but with my current status, it's impossible.」

(Mana)「So? When we were on Earth, Tetsuya was the one cheating, no? Every

time you used Shukuchi¹)TL Shukuchi : <https://en.wikipedia.org/wiki/Shukuchi>, you always had me. 』

(Tetsuya)「But here, I will definitely die before my father does... Well, it was a line I had to say at least once after experiencing that hell like training experience.」

(Yuki)「Tetsuya, was it tough?」

(Tetsuya)「Yukihime²)Tetsuya used a nickname here as a sort of play on her name. It means snow princess for those who are unfamiliar senpai, tough would be an understatement. To be thrown at a mountain where bears are rampant with only a wooden sword and minimal amount of food, would you do that to a child that's only in third grade?」

(Yuki)「Certainly not.」

(Yuzuha)「But didn't Kanzaki-kun kill a bear?」

(Tetsuya)「Well, I managed to somehow」

(Yuzuha)「If I remember correctly, you used Shukuchi to beat it didn't you?」

(Tetsuya)「Yes, but... I was scared at that time. Although it worked, I haven't completely mastered it at the time and before I knew it, I had an arm stuck under the bear's body」

(Mana)「It's only natural since you can't use cheats.」

(Hoshina)「Kanzaki, you! Get away from (my)Yuzuha and the others! (My girls)They are busy, unlike the 『incompetent』 you. When someone who's being lazy in spite of already being an 『incompetent』 and does not even participate in training are nearby, others tend to get corrupted. Mana, Yuki, and Yuzuha; please stop talking to the 『incompetent』 and come here.」

While Tetsuya was talking with Mana and her friends, Hoshina suddenly stormed into their conversation. What followed were the forbidden words of the three goddesses.

(Mana)「Don't you have anything better to do?」

(Yuzuha)「Hoshina, could you leave and go somewhere else? The air became polluted.」

(Yuki)「That's right, it's as Mana and Yuzuha had said. And...」

(Goddess trio)「「Do not call us by our first names (Please) ! 」」」

(Mana)「Tetsuya is nowhere close to being incompetent.」

(Yuzuha)「Yes and Kanzaki-kun is merely sealed.」

(Yuki)「And not being overly familiar, unlike the Hero Hoshina.」

(Mana)「I disapprove of you putting distance between us.」

(Yuki)「And unlike the Hero Hoshina... Grrrrr」

(Goddess Trio)「「He is not a narcissist!」」」

They gave a rather harsh answer to Hoshina (Kouki). And while Tetsuya thought nothing of it, Hoshina's glare implied otherwise.

(Mana)「Kanzaki, let's go.」

(Yuki)「That's right, Shall we go?」

(Yuzuha)「Yes, let's.」

And like that, Tetsuya was dragged away by the arms as Hoshina watched in contempt. (LOL)

(You dared to snatch away my Yuzuha. How can an incompetent like you talk with people like them? You don't have the right to call their names with your incompetent position. Why are you with them? The only one worthy to stand by their side is me! Yes, Mana, Yuki, and Yuzuha. It's obvious now! You were brainwashed by that disabled and being forced into it. It's okay. I will remove the incompetent.)

A week later, Tetsuya, our hero had come to the Dungeon. This is so he can do some combat training. The one he's in is called the 『Abyss's fool』. It was for beginners and somewhere within is a large and deep valley.

(Sato)「Oraa!」³⁾Something like a battle cry」

(Knight Leader)「Nice! Now fall back!」

Sato swung down his two-handed hammer and crushed a Slime. Following that, the Knight Leader called for a regroup.

Meanwhile, Tetsuya was currently approaching the passage to the 25th floor's boss room.

After advancing for a while, he reached a wide open space. It ended at a cliff where a stone bridge could be seen. The Knight Leader told the party to take a break here but still had them do practice swings.

Tetsuya looked over the cliff. As he was doing so, two people sneaked up to him... It was Kouki and Sato. What they didn't notice was, there were four

people who discovered them... It was the three goddesses and the Knight Leader.

And the duo suddenly.....

(Sato)「《Balistic Impact》」

(Hoshina)「《Wind Sword Art – Wind Cutter》」

Two attacks were shot toward Tetsuya who was peering over the cliff. As he was caught unaware, Tetsuya was sent over and fell.

The four witnesses wasn't even able to react.

This is the dungeon called 『Abyss's Fool』. The reason why it was named so was because of this cliff. Nobody knew what lied at the bottom of the abyss, or whether it had any bottom at all. Nor do they know what happened to the fools who fell here.

And thus, mankind lost their biggest trump card against the Demon King.

Chapter 4 – The Late Hero

Tetsuya fell. The four people who witnessed it froze, but began to make their move right away.

(Yuzuha)「『Three blades of wind, maim my enemies!《Triple Wind Sword》』!!!!!!」

(Yuki)「『Prance of the ice pillars!《Icicle Dance》』!!!!!!」

(Mana)「『Sakazaki Sword Style《Wind God Thrust》』!!!!!!!」

(Knight Leader)「『Shidorudo Sword Style《Raging Fire》』!!!」

Yuzuha launched her version of the intermediate wind elemental magic 《Wind Sword》 at the same time as Yukihiime's intermediate ice elemental magic, Mana's wind attribute version of her family's sword style, and the Knight Leader's sword technique from the Kingdom's most prominent swordsmanship school. All of which, directly impacted Sato and Hoshina. The two spells were a bit weak however, the sword techniques managed to penetrate their defenses. But amongst the heroes, Hoshina was wearing considerably high quality gear. Therefore, the damages were bearable. Hoshina started to complain while grinning.

(Hoshina)「That hurts Mana. Same with Yuki and Yuzuha. What did I do? Why did you do that? I was just getting rid of the incompetent trash that was being annoying.」

The rest of the heroes started to gather when they heard the uproar. They were at a loss when they learned about what had occurred.

(Yuki -> Knight Leader) 「What the he...「Stop fooling around!!」

Yuki was suddenly interrupted by the Knight Leader just as she was about to lash out.

(Mana)「Temee¹」a derogatory version of saying “You”, do you know what you've done!?!」

(Hoshina)「Taking out the garbage?」

(Yuzuha)「There must be something wrong with your head!! You just murdered your comrade!!!! And incompetent? Stop getting cocky!!! Tetsuya was only sealed! Annoying trash? It's you who's intolerable!!!」

(Hero #1)「Leader, what's going on?」

(Hero #2)「Yeah! Why did you attack Hoshina and Sato?」

(Hero #3)「More importantly, what's this about killing a comrade?」

Questions emerged from the heroes. Even if the Heroes saw or heard of what happened, they couldn't believe the situation.

(Hoshina)「Everyone, the incompetent was annoying Yuki-

(Knight Leader)「Silence!! Garbage Hero!! I will be explaining!!」

The hero Hoshina tried to explain himself, but the Knight Leader stopped him. After that, the leader began his explanations.

「————and that's how it went. 」

The heroes who heard the story wore indescribable expressions. However, there were some who displayed delight. The leader was disgusted and felt that it was time to leave the Dungeon.

The Knight Leader reported what occurred inside the dungeon to the imperial court the same day. The King who received the report, decided to imprison Hoshina and Sato. And believing in Tetsuya's survival, he organized a search and rescue operation.

All the nobles that were acquainted with Tetsuya volunteered. Since they had the chance to have conversations with him before, they knew Tetsuya's personality and about his sealed state. And similarly, they understood about the abnormalities of Hoshina and Sato as well.

Thus, the expedition organized to search for Tetsuya began.

Chapter 5 – Tetsuya and the hobby of this world's God of Creation

(Tetsuya)「Crap.」

Tetsuya was muttering to himself while falling. His voice was calm and did not sound the least bit impatient. As for his back, there was a cut wound dealt by Sato's magic..

(Tetsuya)「Consciousness... starting to fade.」

How much time had passed? Maybe a few seconds. Maybe a few minutes. Though he was still conscious, Tetsuya's awareness was slowly slipping away.

He saw light. A lake entered his view below. Looks like he was heading straight for it. And Tetsuya's crash into the lake..... didn't happen.

But just before Tetsuya fell into the lake, his descent slowed significantly.

(Tetsuya)「Why... am I still alive...」

It was his last thought when he crawled out of the lake before he lost consciousness.

= God Realm, Asura =

「Tetsuya is going to diiiiieeeeeeeee!!!!」

The screams of the Gods reverberated within their realm in 《Asura》 the moment Tetsuya had been hit by Hoshina and Satou's magic.

(Ares)「Old man!! Put Tetsuya under Floating Magic!! Recovery Magic as well! If you don't do IT, I will smash this old man's treasured AV《Animal Video》!!!」

(Otherworld God)「I-I understand!! So Yusuke (Dog), help me!!!!」

(Ares)「Make it fast! Tetsuya will probably become dust if he hits the lake!!!!」

(Otherworld God)「I know!!《Floating》... then it's 《Recovery 《Heal》》. Will this do?」

(Ares)「It worked!!」

Thus, Tetsuya was saved, thanks to the gods' meddling.

Chapter 6 – End of the seal

Chapter – 6 End of the seal

Tetsuya woke up only a few minutes after the fall. On his back was a scar who wasn't there before.

(Tetsuya)「Where is this place? It should be the bottom of the Dungeon... Who would have thought that a place like this existed here? And why is my wound healed? Look like I still have a scar left...Huh? Was it the kind of scar which would never disappear, like to remind of a grudge? And what will I do with that sword like thing」

Tetsuya was looking around him, talking to himself.

(Tetsuya)「My belongings... I have nothing useful. Both my mana and health potions broke. Will I be okay with only this sword...? Because it's not a Katana, it will be hard for me to use... Well, let's go」

After Tetsuya had checked what was in his possession, he went on the right path, out of the two ways in front of him.

(Mad Bear)「GuuurrrRRRrrrraaaaa!!!」

The end of the road where Tetsuya traveled had a small room.And inside that room, was a brown Bear with red eyes.While Tetsuya was trying to advance slowly on the right path, he got noticed.And,

(Mad Bear)「Gwaaaaa!!!!」

Fortunately, after Tetsuya got caught by the bear 《Berserker》, he was only blown to the side.The Mad Bear《Berserker》 advanced slowly toward TetsuyaTetsuya while looking at him, tried to open his mouth.

(Tetsuya)「Gu....aaa....the end Damned! *Haaaahaaaaa*... how did it come like this...*Haaaahaaaaa*... was it the fault Shinozaki and the girls...?No, It was different. Hoshina and the other... It was their fault...*Haaaahaaaaa*....What I had done to them...? Was it because of status...? Or should I blame the fact that we were summoned here? No, it was not like that... It was because I didn't show any power... One of the things told by my father was... You should always

demonstrate sufficient strength.

Damned! Will I regret? No, I will not... Because I need to live in order to regret... Even so... That guy, Hoshina... He is the only one I can't forgive...

Tetsuya closed his eyes.

And waited for the Sharp claws heading toward him.....However, he never received the hit.

The pain didn't come, even after a long time.Tetusya who wondered why was opening his eyes cautiously.

After that, The white wolf went to the way Tetsuya was coming from earlier while dragging the Mad Bear 《Berserker》.

「What... What happened just now...」

While he murmured, Tetsuya was trying hard to think of the next course of action, but his brain was not properly working because he was bleeding too much.

As the result, he kept going the same way he was going before.Tetsuya leaned against the wall, trying to advance.

He went all the way without encountering any monster. And what Tetsuya saw at the end of the road was a dead end .However, he still managed to notice something.

(Tetsuya)「What is it? This door...」

A door was visible. If it were any other person than Tetsuya, he would say that nothing was here.They would certainly say that『There is nothing like a door here《・・・》』to Tetsuya. And Tetsuya would understand that he was the only

one able to see the door.

But no one was here except Tetsuya. And because the Mad Bear 《Berseker》 injured Tetsuya, he only wanted a safe place to be able to sleep and think.

(Tetsuya)「Even if I keep wandering like this, I'll just die.I probably won't regret even if I die」

After that, Tetsuya put his hand on the door, with the thought of opening it.

(Unknown)『Checking the element. User is valid』

When Tetsuya entered the room, it felt like it was at home. Was it Tetsuya's house? He walked around, trying to find some potions. And after a short while, he managed to found one.

received from Sato's magic did not. Next, he wanted to investigate the cause of the strange light emanating from his body. That was when he saw the status.

(Tetsuya)「What is this! Is it a cheat.....?」

Tetsuya became dazed while he confirmed the movement of his body and discovered his new status

(Tetsuya)「My body is indeed easier to move. And look like I can think of more movements at the same time compared to before. Is it thanks to Parallel thinking?」

Satisfied after seeing how well his body was now able to perform and after reviewing his new skills, Tetsuya was now looking at his surroundings. He was now reading a letter found next to the place where was the elixir before.

『Nice to meet you, the Emperor God of the next generation. Well... Although I talk about generation, I am the first Emperor God. Perhaps you already became the new Emperor God, or you are another kind of deity. But if you are neither of them, use this elixir for this purpose.

Let's get down to business. First, I want to apologize. I am sorry. Toward what I am apologizing I don't know yet. But now, I will explain to you the main subject. For starter, there is one guy from Asura, the Demon King. He is known as a demon inside this lower world but is just like us, a Transcendental Deity』This person is madly rampaging the world. I have to stop this Demon... To go and kill him, but I probably can't beat him. No, I can't win against him. My skills were original and godly. But I had to do something more than that. (I can win if I use the Seal) It what I thought. And if I cannot win, I should entrust it unto the next generation. I had built a lot of ultimate items with every material I had at my disposal. I will give all of them to you. I can't force you but please, defeat this guy. To the same kind of Transcendental Deity, only the strongest man can beat.

PS : The Demon King 『Transcendental Deity』was an irregular amongst middle schooler irregulars.

PS2 : This house is a magic item. Therefore, you can take it with you when you leave. Although it looks merely like a house, because it's buried inside the Dungeon, outside it will look like a palace. And you can access it from everywhere if you were the bracelet.』

After reading the letter, Tetsuya exhaled a deep breath. He understood a considerable amount of things thanks to it. The answer Tetsuya had on his mind after that was...

(Tetsuya)「I will only receive the items and enjoy the other world ! I'll try to befriend the Demon King.... Only if I can't, and he becomes a disturbance, I will kill him. That's enough.」

The only thing he didn't want to was to hold regrets. Later, Tetsuya headed toward the arsenal of the House. There was a Katana with runes carved into and a black leather coat(Decorated with golden ornaments). There was also a mountain of battle dresses, a bike, a car and a battleship which could be used either in the air or in the sea.

Godly Katana of Heaven and Dream. Emperor Wisdom

The katana was forged from claws, fangs and horns 『Heavenly Dragon materials』which could only be fused and made into 『Heavenly Dragon Ore』 which could only be taken from a supreme dragon, no less than that. And together with orichalcum, adamantium and a crystal called 『Dream crystal』, they are fused to make the 『Heavenly dream dragon ore』. It was how the dreamlike sword was made.The length of the Katana was a bit long with its 85 cm. Only the Emperor God could use the Katana. And he could even increase the sharpness by infusing his power into it. Magic could be infused and used as another mean of attack. Nonetheless, the runes carved into it had no meanings. However, when magical power is inserted, the runes would shine.

Tetsuya remodeled the motorcycle even more than it was before.The

modifications were done about one month later (He made the flow of time slower using magic) .

Chapter 8 – Story of the Abyss’s Fool.

=====

Foreword

It’s short.

=====

「Gugegugegege ! 」

「Guaguaguagaua ! 」

Slash.....Kung

At the bottom of the 『Abyss’s fool』 were Tetsuya fell, the level of the first floor averaged 300. The man clothed in black waved a shiny sword rapidly, bringing death everywhere.

(Tetsuya)「Tiiimes to reeturrnnn ♪《Unlock《Open》》」

When the man Tetsuya said the incantation, a black gate appeared in front of him. He walked through it. The scenery inside was nothing like what you could find inside the Dungeon. The grassy plain was spreading everywhere (until 25Km away where it would hit an invisible wall). The place had a lake, a little mountain, and a Japanese house. (Not only was the house three story tall, it also had a chaotic appearance. It was simply 《Chaos》). This place was created for Tetsuya. Of course, you could see the sun here and rain.

After going into the plain, Tetsuya entered the house and headed straight for the bath. He ate rice and went to bed.

By the way, he could enter the house from wherever he wanted because it was a magical item.

(TL: If someone has a better translation for the part where the author says “Chaos” or “chaotic”, it could hold a meaning I’m not aware of

On the next day.

「Guaguaguaguagaua ! !」

Guwa!

Today, Tetsuya repeated the massacre. One head dropped from a single slash and disappeared into nothingness after getting burnt by magical power. And finally...

(Tetsuya)「Boss room huh...?」

He arrived at the floor which had a boss room. Oh, and Tetsuya level was now 1350. It would be evident that he was now much stronger than when he was level 1. With the help of skills, he climbed the level quickly.

The boss room was now right in front of Tetsuya. Without exercising all of his strength, one kick opened the door. Then, he charged with his Katana in hand and hit the Chimera boss.

The Chimera couldn't resist and become an instant death.

(Tetsuya)「So weak!」

Words of surprise were raised from Tetsuya after he saw such a Chimera. On the back of the room was a massive door.

Just saying but, the Chimera's level was 423. Treasures and artifacts of the national level were necessary to defeat a monster like this aloft the ground.

Chapter 9 – Story of the Abyss’s Fool 2 : Intimidation 「Fun—Fun fu—Fun♪」

Creak! Doshiya

「Gug...」

Creak!

(Tetsuya)「Oh—So much～」

In the second floor, Tetsuya sneered. He wanted to advance toward the boss room but small fishes, around level 350, kept rushing at him, one after another. Then, Tetsuya leaked a few words out.

It was something he finally remembered...

(Tetsuya)「I can intimidate them ! 」

Tetsuya used the Original Skill 『Transcendental Deity Intimidation』. He lowered to the minimum the power output of 『Intimidation』. And as a result,

(Tetsuya)「Finally, the boss room! I wonder what kind of enemy will appear inside... Diiieeeeeeeeeee!」

And the Boss had died, just like that. In fact, he instantly died from the 『Intimidation』.

Tetsuya repeated the process until the 25th floor. The time elapsed since he entered the 2nd floor was about 4 hours. And although a lot of monsters came out, none of them could survive against Tetsuya 『Intimidation』. If any of the monsters here were to attack a country, he would be strong enough to destroy it.

(Tetsuya)「Boring ! 」

Regarding how the monsters ended, Tetsuya was irritated about that. Tetsuya had never noticed it (?), but he was somehow like a battle maniac. However, this kind of feeling was only harbored toward the strong and not toward the weak. It was only natural that Tetsuya felt frustrated from it. Nevertheless, monsters

who could withstand Tetsuya 『Intimidation』were not many.

On the 80th floor, Tetsuya was overjoyed to reach the boss room. It was because the monster here could withstand Tetsuya's aura (0.00001% of his full power). The name of the monster was Dragon Grizzly. He was the floor's boss and harbored the level 927. His face and his body were that of a Bear. His arms, legs, and tail were the one of a Dragon. Tetsuya used the Unique Skill 『Demon Art』. His arm and his Katana became imbued with magic. Then, he approached the Dragon.....

Ston...

The neck dropped from a single stab.
No matter how well he could hold against Tetsuya's intimidating aura, he could never match Tetsuya's strength. Only a corpse was now standing in front of Tetsuya.

About Tetsuya's new skill.

Here is a short description.

The body infused with magic is then used as a weapon. Unlike 『Demon armor Art』.

As for the image, it was like「Body become sword」. The image was needed because it was a unique skill. It's something like Taijutsu. You can put it in the Body technique category.

This magic is easy to use. But you need a strong image in your mind to use it. Regardless, it's easy to imagine 「Body○Magic○Result」.

Chapter 10 – Story of the Abyss’s Fool 3: Floor 195 onwards

Chapter 10 – Story of the Abyss’s Fool 3: Floor 195 onwards.

Tetsuya had stopped his Intimidation skill and was expelling monsters lightly.

Now, the level Tetsuya reached was 5389.

Tetsuya walked through the 350th floor, going even faster than before. Around here, the average level of monsters was 3800. However, they were still merely recognized as small fry by Tetsuya. And he thought.

(Tetsuya)「Hue? Even though I’m moving faster than light, why is that I’m not doing any damage?」

.Tetsuya just didn’t do anything in particular.

What he didn’t know was that to a God, or someone close to God, they couldn’t do much damage to the world. It was because of the protection of the Celestial Dragon God whose specific skills [In opposite to the world collapse《Impact disappear》]

By the way, Satan also possessed this ability.

Now at the 1000th floor. Tetsuya reached the floor where level averaged 10000. And he was now level 23681. But hopefully, the monsters from the Dungeon couldn’t go outside.

Tetsuya was reaching the 1000th-floor boss. After opening the door, He met with.....The white wolf which helped him that day. It was covered in blood and collapsed right before his eyes.

The name of the boss was 『Betrayed Seraph《Touere cherry Seraph》』。 The level was999999999999999999. A real monster. Tetsuya threw at the 『Seraph』a warming-up strikes (with 1/2000000000000 of his full powers)

GIN !

(Tetsuya)「Huh ! ?」

But for the first time, the Seraph was intact and had prevented the attack with the sword in his left hand and counterattacked Tetsuya.

Anyone would die here, or probably give up. However, Tetsuya was different.

(Tetsuya)「Ahahaah! Hahahahahahahahahahaha! Good tut! good yo good. good good I'm good!! For the first time, I received a counterattack! If it's a fight, it's better if it's until death!」

He laughed. He received a counterattack for his instant death skill, of course, he would laugh. It was because he met the best fighting partenaire. After that, Tetsuya muttered.

(Tetsuya)「Will you be able to play with my power a little.....」

Tetsuya used his skills.【Body strengthening】【Magical body strengthening】【Demon armor Art】【Demont Art】. And reduced a certain magic.【Gravity Magic】From 50000 times the earth's gravity to 48000 times the earth's gravity. Tetsuya then rapidly faced the Seraph.

And,

Pan!!!!!!!!!!

GIN ! GIN !

Sparks flew when metal hit metal in the middle of the room. The sound of something getting torn apart echoed.

Tetsuya hit with a stab! The Seraph avoided it and slashed with the sword held in his right hand. Tetsuya shifted it using his swords but received a blow from the sword held in the Seraph's left hand. Wearing his demon armor, Tetsuya caught the attack with a kick from his left leg.

「GOOAA!?!」

Dogoon ! !!!!!

Seraph vanished in the air, blown away, and stopped only when meeting with the wall. And when Tetsuya had gone to check.

(Tetsuya)「Trying to use magic...」

Was murmured. As if to answer a command, the Black Seraph stood up, and a black sun appeared. As soon as Tetsuya saw the magic, he shot one. Seraph had

shot his magic as well.

(Tetsuya)「《Solar godly spear《Buryunaku・Zwei》Ⅱ》」
「GOOOA！！」

The black sun and the lightning bolt struck together in the middle of Tetsuya and Seraph. At that moment, the room was surrounded by light.

And although the spear, ignited by lightning, had struck Seraph. Tetsuya was still intact.

Snap

It was the sound of Tetsuya cracking his fingers. Following it, the spear exploded and Seraph was now gone.

Promptly after, Tetsuya headed toward the White Wolf.

(Tetsuya)「I will heal you」
Furu furu

He was trying to revive him, but the White Wolf did not allow it. Tetsuya once again tried, but the White Wolf once again refused. The White Wolf closed his eyes and nothing worked. But while Tetsuya sought to find a solution, Lights was emitted from the White Wolf. And after a short while, he disappeared. An egg had fallen at the White Wolf's place.

(Tetsuya)「What? What is this egg!? I don't know how I can use it!？」

After Tetsuya had decided to study the cool thing that just appeared. He began chanting to use one of his skills.

(Tetsuya)「『The origin of all wisdom. 【World tree《Yggdrasil library》】』」

After Tetsuya had chanted the incantation, a black leathered book with golden ornament appeared. It was 【World tree《Yggdrasil library》】 Each person had his particular design. Ancient Fenrir

Only one of this kind inhabited the world. It was an old beast with strength stronger than God. A wolf with a beautiful Silver-White fur. It was not because the Ancient Fenrir wore the name 《Ancient》that it had a long life but because when he dies, he becomes wrapped in light and an egg appears somewhere in the world. To the one who he wants to follow, or to the one he likes, he appears before him. His strength depends on the quality of the magical power received when he is born anew. But he is nearly always something close to the existence of God. Also, at his weakest, he was already like a middle divine beast. You should put magical power immediately inside the egg if you meet the Ancient Fenrir!

Was written in the book. Thus, Tetsuya began pouring magical power into the egg.

「What will happen if Godly magical power is inserted?」

It was a silly idea.

After 30 minutes, the egg hatched. It was a wolf with a beautiful silver-white fur. Not only was his hair silver and white, but his pupils were also displaying golden rays. Tetsuya appraised the Wolf, and discovered the race of the wolf.

It was a new species. Well, it didn't matter for Tetsuya. Then, after he remembered some of his skill thanks to consulting Yggdrasil,

(Tetsuya)「Do you want to become my follower?」
(Fenrir)「Wouaf ! 」

Special skills【Follower attribution】. Tetsuya tried to give his blood. A strong bond would be created between them, and he could summon from anywhere. It was a mix between Monster Tamer and Summoning. Only Tetsuya had both of those skills.

Apart from that,
Because the wolf wanted to become Tetsuya follower, and because Tetsuya had blood dripping from his fingertips, 【Follower attribution】 started.

(Tetsuya)「『Thou, became my kin, became a follower in the name of thee《Izayoi》』」

Wolf-Chan Izayoi drank his blood. After the ceremony ended, it was Friday night. Thus, Tetsuya obtained a Follower and could begin his Travel.

「Gwaa!」

The 1000th floor was not the boss room anymore. Instead, it became Tetsuya's house. Here, Tetsuya watched the fluffy Izayoi up to the point where he received damage from its cuteness. His earth cried 「Too cute!!」. Two days had passed since Tetsuya killed the 『Betrayed Seraph《Touere cherry Seraph》』. In the meantime, Tetsuya admired Izayoi and for no particular reason, made a cloak.

On the next day.

Finally, Tetsuya Left. Izayoi, thanks to a skill, shrank and entered into Tetsuya's head. It was pretty.

After that, Tetsuya was trying to escape the Dungeon. However, he noticed something of extreme importance.

(Tetsuya)「I forgot the loot!!!」

He didn't find anything yet although the monsters were insanely high leveled. He kept looking for something for a long while but couldn't find anything. He didn't give up because a Dungeon = Treasures + drops.

Tetsuya was frustrated and went through the door at the back of the room. What he found there after entering were a big treasure chest and a magical stone. It was the Dungeon core a size around 80 cm in diameter. 『Lost Magic

Core』. Tetsuya after closing the distance opened the chest without hesitation. The things contained inside were: 10 tons of Mithril, Adamantium, Orichalcum, Iron. And also...

(TL : I'm not sure if he meant Iron as money or as the metal: ヒビイロカネ)

It was the egg of a horse.

(Tetsuya)「What, how can a Horse be born from an egg!？」

Tetsuya exclaimed. Well, Tetsuya had Yggdrasil sensei to explain about the Saiyakuba《Disaster horse》.

Saiyakuba《Disaster horse》

A horse with a black and beautiful body. Fairly large build and Really nice to ride. Regardless of his indifference for various things, he will never betray the one he decided to follow. The Horse is an omnivore. Contrary to its name Disaster, the horse would not bring calamity. But it would mercilessly kill any human or monster that wanted to harm him. Called the guardian horse from a part of mankind, he was even revered in some areas. The rank needed to subjugate it is impossible to measure. It could use Magic. Amongst all the worlds, only one of the kind was identified. And it had yet to be inside Asura.

(Tetsuya)「Seriously. Oh God, what is that? Wait, I'm also a God! It needs magic and divine power.....

As he did for Izayoi, Tetsuya started pouring his power inside the Saiyakuba《Disaster horse》's egg.

After 30 minutes, a black horse came out harboring a golden mane and a golden tail. A few seconds after birth, he was already the size of an adult.

(Tetsuya)「Please, help me Yggdrasil sensei! 」

Tetsuya had once against used the skill Follower attribution. The name of the Horse was now 『Kagura』. Using 『Dream Crystal』 and other materials, Tetsuya created a saddle, a bridle, and a stirrup. He equipped Kagura with them. After that, he took with him the『Lost Magic Core』. In Asura, even if the Dungeon core is taken, the Dungeon would not disappear.

On the next day.

Tetsuya was in the room where he found the Lost Magic Core. A magic square was appearing.....

(Tetsuya)「Now, let's the adventure begin! I will not forgive anyone who disturbs me. I will live freely and do whatever I like」

Thus, Tetsuya disappeared from the Abyss's Fool.

Chapter 12 – The one Loved by god, the old witch, and the magic spellbook
Tetsuya had already escaped the Abyss's Fool since one day ago. In the meantime, Yuki Hoshino was exploring the Royal Capital. She stopped at a bookstore... No, she stopped at an evil bookstore.

(Store owner)「Please, come in.」

(Yuki)「Hello」

The old woman, sitting on a chair at the back of the store, called out when she entered. Inside the shop was only one small shelf. And on that small shelf was only one book.

(Yuki)「I'm sorry, but what is this book about?」

The old woman opened her eyes and replied to Yuki (Store owner)「This is a spell book inherited from demons. Seems like you understand the meaning?」

(Yuki)「Magic spell book?」

(Store owner)「Everyone can use demonic magic. You only have to remember the spells written inside and that's it. It's nothing fake」

(Yuki)「Fake?」

(Store owner)「Well, you could say that it's a fake. The spellbook chooses his real owner. To the right owner, strong and powerful magics are accessible and displayed. And with the help of a medium, like a cane, he will be able to use them. Besides, the spell book allows the summon of one familiar spirit (servant)」

(Yuki)「Then, this book name.....」

(Store owner)「『Book Tenbin Moon』is a genuine spellbook. It was once one of the rumored strongest amidst others spellbooks. The owner right now is me. Miss, what is your name?」

(Yuki)「Yuki」

(Store owner)「Okay, Yuki. Do you want the book?」

(Yuki)「Is it good? Although it's yours, old lady」

(Store owner)「It's all right. I can't continue for too long, and it's better if a promising youth like you use it. Wanna try the challenge? You want it, doesn't you?」

(Yuki)「In that case ... I will」

(Store owner)「Wait... ... Me, owner of the (Book Tenbin Moon), will now cancel the contract. Here, only after giving a bit of your blood to it will the magic flow」

(Yuki)「I understand.....」

(Store owner)「Now the contract is complete. With a contracted spell book, you can make it appear or disappear as you need. Come on, try saying『Appear』 and use the spellbook. It's the same thing when you're done with it」

(Yuki)「Yes.」

(Store owner)「Now that you know. Leave. I already sold it to you」

(Yuki)「I understand. Thank you very much.」

On that day, Princess Yuki became even stronger.

(TL : Author naming sense is so weird, look this monkey name xD) It was the lair of monsters. It was a forest and『Tenjiku(Heaven)』was the official name. Tetsuya had entered there. He tried to go through but ended up being attacked by monsters. So, back to the beginning. Tetsuya was chopping the Crimson Dragon. Besides, Tetsuya was dual wielding with one sword in each hand. To the right was the『Godly Katana of Heaven and Dream』, on the left was a black katana created by Tetsuya.『Demonic Katana Hades』.『Hades』 was a short Katana with about 1/3 of its blade being double-edged. It was small like the one used in Wushan.

(https://en.wikipedia.org/wiki/Wushan_County,_Chongqing) Furthermore, The function『Emperor Wisdom』was added to『Hades』by Tetsuya. As a result, whenever the sword ends up killing, its sharpness would increase. For Tetsuya, it was perfect.

Let's return to the main subject.

Tetsuya had pointed out the Crimson Dragon and all the monsters which came out to hindrance them. Kagura massacred everything. He didn't leave any of them alive. And.....

(???)「What. happened... Did a master did this?」

At the corner of that forest, I met with a dragon. His scales were harboring rainbow colors.

(Tetsuya)「Oh?」

(Dragon)「I can't believe it, a simple man did this...」

(Tetsuya)「Oi———?State your buisness———?」

(TL : “——” means that he insist on what he is saying, think of something like “OOOOIIIIIIIIII”) (Dragon)「However, I feel the power God.....」

(Tetsuya)「Yosh, I'm Kagura yo..I hope that this dangerous dragon won't mind

it if I keep going to the town」

(Dragon)「All right.....I would like to know. Hey you, wait a minute!」

(Tetsuya)「What do you want? You awfully ignored me.」

(Dragon)「That oh well... I think it was bad of me... and, who are you?」

(Tetsuya)「Tetsuya Kanzaki. Tetsuya is the name and Kanzaki the surname」

(Dragon)「Tetsuya..... That's not true ! It's a race name!」

(Tetsuya)「Originally a human, I'm now a living God.」

(Dragon)「Why is there a God in such a place...」

(Tetsuya)「How, is that a problem?」

(Dragon)「Of course it is」

(Tetsuya)「I don't care. I'll teach you. To simplify『I was summoned from another world. Was sealed. Fell into a Dungeon, was nearly killed and managed to remove the seal and then after that I awoke as the Emperor God. So after conquering the Dungeon, I flew until here.』」

(Dragon)「Did you say Emperor God Sama? That's... I'm sorry. Please, you forgive me」

(Tetsuya)「Yeah, well whatever. By the way, who are you?」

(Dragon)「I'm sorry. Thee... I am the Dragon God Kyokkou『Blood』.」

(Tetsuya)「Ah, I see」

(Dragon)「Therefore... This one is very sorry, but it is tough to ask ...」

(Tetsuya)「The way you're talking is disgusting.」

(Dragon)「So, sorry」

(Tetsuya)「Do not be so formal when you talk」

(Dragon)「Huh ! 」

(Tetsuya)「What is it?」

(Dragon)「My wish is to be under you Emperor God Sama」

(Tetsuya)「Yoi ok」

(Dragon)「And I want to receive a new name」

(Tetsuya)「I Understand. Then 『Yamato』 you will become mine.『Follower attribution』」

(Yamato)「I’m so grateful! And so happy!」

(Tetsuya)「Izayoi, Kagura and Yamato when we reach town I’ll have you officially register as my follower」

This way, Tetsuya added a Dragon as his travel companion. However, they didn’t know yet that an uproar happened when they approached the town.

(Tetsuya)「Beside, was that place a Dungeon?」

(Yamato)「Yes」

(Tetsuya)「So, was you the boss?」

(???)「Big dragon with rainbow colored scales!」

(Branch Chief)「It's that guy? Oi! Call the Knights and the guards! But never start the fight. Never start it!!! I will head to where the dragon is coming! So where is the place !?!」

(???)「It's coming near the East gate!」

(Branch Chief)「I Understand! Please, tell them, by all means!」

(???)「Please, excuse me! Message from the adventurer Guild Branch Chief!」

(???)「Message?」

(???)「Yes!『Do not meddle with the Dragon. I will be alright』was what I had to convey」

(???)「You're kidding! To not participate! I won't approve of such a thing! I will not do nothing and die!」

(Tetsuya)「Fuwaaaa finally arrived.」

(Kagura)「Wan」

(Yamato)「Hmm? It seems that a lot of people gathered, and the head of this place is here too.」

Tetsuya arrived in front of the wall of the town 『Berganstadt』However.....

(???)「Magie, Fiiirreeee ! !!」

(Head Branch)「Stop it! You idiotttt!!!」

(Knights)「「「《Fireball《Flame shot》》」」」

(Tetsuya)「Wa!? What did they hope by attacking suddenly《Clear《Delete》》」

They received a joint attack from the Knights. Tetsuya erased it with Magic. However, the magic sent by the Knights kept increasing.

(Knights)「「「《Fireball《Flame shot》》」」」

(Tetsuya)「《Clear《Delete》》」

(Knights)「《Lightning ball《Thunder shot》》」

(Tetsuya)「《Clear《Delete》》」

(Knights)「《Stone bullet《Stone shot》》」

(Tetsuya)「《Clear《Delete》》」

(Branch Chief)「I'm telling you to stop ! Stop this scrap!」

Tetsuya erased all of their magic.Thanks to that, Yamato and the others received absolutely no damage.

(Tetsuya)「You're annoying. What did we do? Yamato, silence these guys」

(Yamato)「As you wish」

However, Tetsuya who was irritated took the first step.

Slip

(???)「Hey! It's a person!」

(???)「Impossible, there is really a person... huh... I'm sorry for what we did...」

(Tetsuya)「Hey! Temee!! What was that jus now! I did nothing, and you attacked me! I'm just here to enter the town!」

(???)「Hey, now what.」

(Tetsuya)「I wasn't going to do anything, and yet, you attacked me, what can you say about this?」

(???)「Wait a minute! I can't believe that guy! To tame a dragon is impossible!?!」

(Branch Head)「Hey! Did you hear? You attacked someone with magic, shouldn't you apologize??」

(???)「Seriously, look like you really tamed it.」

(???)「What are you going to do!?!」

(Tetsuya)「You're talking about me here.」

(???)「And ignored.....。 Will you burn us?」

(Branch Head)「we were rude to attack you!」

(Tetsuya)「Who are you?」

(Thomas)「I am the Branch chief of this town's adventurer guild. Thomas • Cruserno」

(Tetsuya)「Oh, really? So what kind of welcome was that? I just came to the town and get attacked for no reason. Are you doing the same thing with everyone? Nee, why?」

(Thomas)「No, that's not it」

(Tetsuya)「Then, why did you attack us? Is a dragon anything bad? Does a dragon equal demon that you had to set an attack? Or what?」

(Thomas)「Tha that's a bit.....」

(Tetsuya)「Now I'm asking you! I need an answer quickly!」

(Thomas)「Well, it wasn't supposed to happen!」

(Tetsuya)「Well whatever. But right now, I only wanted to come here and register my monsters, do you have any problem with that? But why did you suddenly attack? The one who initiated the attack, get out before me now!」

(???)「「.....」」

(Tetsuya)「I will forget what happened, the one at the origin of this have 30

seconds to appear, otherwise...

..... 15 seconds remaining now.」

(Thomas)「Me, it was me!」

(Tetsuya)「You're lying Branch chief. But I guess you would say that huh? Rest 5 seconds. Yamato, be ready to attack」

(???)「It was me」

(Tetsuya)「Yes, it seems. So, why was the attack for?」

(???)「If a dragon come, anyone would attack it! To defend the town.」

(Tetsuya)「Lying is not good. You just wanted to defeat the dragon and be admired. Apparently, you ignored the advice of Branch chief.」

(???)「Such a thing isn't true!」

(Tetsuya)「You can only spit lies. I can read people's mind with skill. Therefore, I know immediately if someone lies. Huh – You, apologize now.『You Ignored other's advice, for your own selfishness, you attacked some harmless stranger. Apologize』」

(???)「That, why do I have to do something like that!?!」

(Tetsuya)「Didn't you hear the talk? Therefore, it's normal to apologize after attacking other?」

(???)「.....」

(Tetsuya)「What is it? When it become inconvenient, you remain silent? It's good already. Branch Chief! I want to register my familiars. Will you do it? Also, I want to register as an adventurer.」

(Thomas)「Huh ! Please wait a moment!」

(Tetsuya)「Ladies and gentleman criminals. Because your gazes are annoying, can you disappear? This is an order.」

After a few minutes

(Thomas)「We're sorry for our lateness!To register as an adventurer, please fill this one. After that, let's perform it at the branch. This collar will be used for your familiars. Please use a bit of your blood onto them.」

The Branch Chief came back with Tetsuya. Tetsuya, according to the description of the Branch Chief, 『Collar of Familiar』 had been put on Izayoi, Kagura, and Yamato.

(Tetsuya)「Then, I will register. Everyone, enter now the Hakoniwa (Home)」 (TL : he talked about his spatial house, Hakoniwa mean “Little Garden”) Thus, Tetsuya, Izayoi and the other two had finished the registration. He put the three familiars inside is home. And now walked toward the second city of the other world.

(???)「Branch chief! What happened to the Dragon!？」

(Branch Chief)「Oh, the dragon ! ？」

The question flew when Tetsuya entered the adventurer guild along with the Branch Chief. The Branch Chief answered with a small voice, and all the members of the adventurers guild had a forced smile.

(Branch Chief)「No problem. Dragon's matter was solved! But we were about to have casualties because the Knights ignored my advice and did unnecessary things.」

And the man of the guild who heard this said...

(???)「Again the Knights?」

(???)「Althought they are a bit usable. They are doing much more disturbance.」

(???)「All the Knights, are they all groups of idiots?」

(???)「No, it's only here. The ones of the merchant town and others cities are respectable」

They started complaining about the Knights. When the Branch Chief saw it, he once again displayed a wry smile and called out to Tetsuya.

(Branch Chief)「Please come」

(Tetsuya)「Alright」

Soon, Tetsuya was guided by the Branch Chief. They reached a room which harbored a sofa, a table, and mage's equipment. After Tetsuya had sat on the

couch, the Branch Chief began talking to him.

=====

(Branch Chief)「Oups, I made a mistake!」

Branch Chief Thomas muttered

(Tetsuya)「What? You made a mistake? But it didn't look like you did one.」

Tetsuya asked Thomas after he heard the mutter.

(Branch Chief)「I did not, but I used the wrong material for the Guild Card. For now, listen to my explanations. I'll create another one later」

(Tetsuya)「The explanations? Which kind?」

(Branch Chief)「About the adventurers guild」

(Tetsuya)「Oh, I see.」

Thomas began describing things about the guild to Tetsuya.

(Branch Chief)「Well, first of all, concerning the guilds. The adventurers guild, akin to other guilds, are independent of the country. Because of that, we can easily refuse to answer the summons from the country. Nonetheless, it's the same if something happens to a guild. It will simply disappear from the country. Then, the adventurers guild's primary job is to register and bring works for adventurers. Mainly, it's about Monsters subjugations, Collect of materials, and escorts.

Next, I will explain the different ranks for adventurers. Adventurers' strengths are like this:

From G to XXX, where XXX is the top.

SS, those are the so-called ultra elites. Normally, it's the utmost limit.

On top of that should be SSS to XXX, they are "Monster" levels.

For example, ten SS ranks may not be able to win against one SSS rank.

As of now, only ten persons are ranked SSS, three X and one XX.

So far, someone XXX ranked never appeared.

When an adventurer rises in rank, the difficulty of his quests increase. If someone of G rank can help an orphanage, a dragon subjugation would be of S rank.

Because there is a lot of requests regarding monster subjugation, you can do it without taking on the quest first. You only need to bring the demon core of each defeated monster as the proof. After that, it's possible to sell the materials of the monsters at the guild.

In the case of a request for materials, you have to sign the form made by the client and bring the goods directly to the guild.

It's the same for the escorts' job.

The monsters are rated as follow :

From F to XXX..... No, more likely up to something immeasurable.

More than XXX is impossible to measure.

Finally, I will explain the guild card and the facilities.

A guild card can act as an identification card. Only the owner himself can use it.

On it are displayed name, age, rank and the amount of deposit. It's also possible to view the subjugation history at the guild. It can act as another proof of quest completion. The other features will be explained a little later.

Next are the facilities. The Guild own an instrument which can measure the demons cores. It can understand the level of the monster and estimate his rate. If the expected rate is higher than the one displayed at the request, an additional reward will be added depending on the difference between the two. When you subdue a monster stronger than your own rank by a certain amount, you will be able to rise in ranks quickly. Because each demon core is different from his pairs, with his own ranks, it's impossible to recycle one and use it to raise rapidly in ranks. Also, you can't sell a demon core.

Then, there's the guild bank. You can depose fund at the guild and then use your guild card to buy things. Of course, you lose some small changes.

You're now taught the general outline. Do you have any question?」

(Tetsuya)「I don't. By the way, can you measure this demon core?」

After Tetsuya had finished hearing Thomas' explanations, he took the demon core of the monster 『Sun○Sky』he killed along the way.

(Branch Chief)「This is.....」

When Thomas received the demon core, although he wanted to say something, he went straight to the corner of the room and immediately installed the demon core.

After a few seconds, the result came out. And when Thomas saw it.

(Branch Chief)「Aaaaaaaaaaaaaahhhhhhhhhh ! !??」

He cried out of surprise.

(Tetsuya)「How are they?」

Tetsuya who ignored the reaction of Thomas asked for the results. However, Thomas didn't respond to it.

(Branch Chief)「This fellow, where did you kill it!?
But how! I never heard of something like this before!？」

And then Tetsuya answered the questions asked by Thomas.

(Tetsuya)「He is a monster from Tenjiku(Heaven), it's a dungeon.Oh, and it's not impossible. In fact, I met him deep inside. I think this dungeon had something like 1200 floors. I had to go through them to reach here. By the way, even one of the heroes from the capital wouldn't be able to do it. Well, you

heard the details. So what was the result?Regarding your reaction, his rank should be considerably high, right? But I didn't have my guild card yet. Would my rank still increase accordingly? Oh, well. I got several thousands of them if you want to, you can purchase them.

(Branch Chief)「That forest? Even with cheats, it's impossible.....Come back here the day after tomorrow. I will arrange a meeting for your XXX rank」

After Thomas answered, he received an "OK" as a reply and Tetsuya went out of the room. Staying inside, he called each of the other guild branch asking for a meeting the next day. At first, Thomas thought that they wouldn't agree to the meeting, but everything went smoothly.

The next day, with the help of an artifact, Thomas went to an Island called "Neutral Island". Whenever a Branch Chief wants to meet with the others, it's supervised by the guild master.

The content of the meeting will be skipped.

But as the result, the council decided that Tetsuya would become XXX rank. The day after that, Tetsuya went to take his guild card and met with the Branch Chief. The guild card was processed from a black diamond and decorated with gold. The name and rank were carved with a blood colored diamond (crimson diamond).

Thus, although he caused a little disorder at the city's wall, the first XXX ranked adventurer of Asura was born.ed from a black diamond and decorated with gold. The name and

Foreword

Tetsuya's weapon and more.....

=====

This story comes after Tetsuya went to the city wall and Branch chief held a meeting.

It's a story of the blacksmith god who was talking about the Emperor God Tetsuya's smithing skill.

The story of Tetsuya's equipment becoming even more overpowered.

= God World, Asura =

(God)「Well, that won't do. This equipment is not up to date with the last methods. Still, his talent in smithing was far less than others.

Before that, it would be clearly impossible for him... But right now, he became a Transcendental Deity with absolute blacksmithing skills.

This fellow's skill can produce a weapon at least ten times stronger than that of the actual best weapons.

Yosh, I'll take you head on. This number one blacksmith amongst gods will show you the strongest Katana.」

After the long haired man with a stubbly beard said that he walked away from that place.

At that moment, Tetsuya.

(Tetsuya)「Something feel strange.」

Felt that something was wrong with his Katana.

(God)「H-ey. How are you doing? Why are you staring at that sword?」

Next, the man whom should have been inside the god's world appeared in front of Tetsuya. By the way, Tetsuya was currently on the highest floor of the city's finest hotel.

(Tetsuya)「Oh? Who are you.」

(Todoroki)「Me ? I am a Transcendental Deity, the God of Blacksmithing Todoroki (The famous). I thank you for asking, Emperor God.」

The man called Todoroki answered Tetsuya. He was a Transcendental Deity like him.

(Tetsuya)「Hmm? Isn't a Transcendental Deity something like a first pillar, very ordinary?」

(Todoroki)「Each God have a Transcendental Deity as a pillar. The former Emperor God was a Transcendental Deity of the Technology God. I became the Transcendental Deity of the blacksmith god three years ago.

Oh, were you interested why we didn't kill the Demon King yet? Each Transcendental Deity is ranked by his strength. Likewise, the Emperor God was listed first, leaving far behind the military strategist god. Although he was the strongest Transcendental Deity. The Demon King was really close to him in term of strength. But no damage have been done yet by him. So we have no reason to attack the Demon King yet. Well, even if we had one, we couldn't」

(Tetsuya)「I Understand. So what is your purpose, Transcendental Deity of the blacksmiths?」

Finally, Tetsuya asked the question Todoroki wanted the most to answer.

(Todoroki)「Let me reforge this Katana, because it's dull.」

Todoroki said a shocking thing.

The sword made by the Transcendental Deity Emperor God was dull. At the very least, that's what he said. It would have been a typical reaction of anger to detonate against Todoroki. However, Tetsuya was wise and didn't blame him.

(Tetsuya)「So?」

The little mutter was used as an answer.

Tetsuya didn't need his remainder. He was already aware of that. This Katana

was bad... Even worst than an imitation. Although it was a sharp sword with incredible sharpness, it was actually different than your regular sword.

Tetsuya told Todoroki what his thoughts were. Todoroki who heard all of it responded while laughing.

(Todoroki)「Well, even though I said that it was still his best masterpiece. However, now that you know. And now that I'm here. Won't you have it rebuilt or fixed? I think no one would dare to say that a stronger blacksmith than me exists. So please.」

Todoroki bowed and asked Tetsuya. Tetsuya listened to him until the end and asked for one condition.

(Tetsuya)「It's all good for me, but I have one condition.」

(Todoroki)「What is it?」

(Tetsuya)「You have to make the best Katana absolutely. The length of the blade should be roughly the same, around this size. Therefore, I won't spare any effort in our cooperation. I have plenty of materials too. Would it be alright if I accelerate the time?」

(Todoroki)「Ahh, thank you ! I will do it by all means!」

Todoroki readily agreed to Tetsuya's condition. Next, he ordered materials from Tetsuya.

(Todoroki)「Then, can I request for materials first?」

(Tetsuya)「It's okay. What do you need?」

(Todoroki)「First of all, I need Heavenly Dragon materials from the Dragon God. Also, I need Dream Crystal, adamantium, mithril, orichalcum and scarlet colored gold. Also, I'll need a God Crystal and God blood. Are you okay with this materials? I will also require Emperor Wisdom」

(Tetsuya)「Everything is good, but how is God Crystal made?」

(Todoroki)「You don't know that? It's a crystal that can only be made by Gods who can compress their divine power.」

(Tetsuya)「And the blood?」

(Todoroki)「I'll use it after the fusion end. It's for engraving runes.Although I say that, it's mostly for decoration.」

(Tetsuya)「Then it's not needed.」

(Todoroki)「I was joking! It's really useful! I absolutely need to carve those runes! Otherwise, it would never be called the best Katana ! 」

(Tetsuya)「Alright, calm down ! Because I have everything on me, would you like to start now?」

(Todoroki)「Bring them to my forge.Also, I will need your fire.The flame of the Emperor God.」

(Tetsuya)「I will do that.」

After that discussion, Tetsuya brought the materials and followed Todoroki until his forge.

Then, Todoroki started the preparation to make the best sword. Tetsuya used his magic to accelerate the time within the workshop.

The different steps of the production will be omitted.

Approximately one hour later, after several years inside, Tetsuya's new sword was finally completed.

The main reason why it took so much time was because the Katana needed a long time to increase his sharpness. Meanwhile the production, Tetsuya took a nap at the hotel.

Well, regardless of the place Tetsuya was at that time, he climaxed once again to the top with his newly equipment. His dress used for battle went through the same process.

□□□□□□□□□□□□□□□□□□

Heavenly Dream Katana. Emperor flower

With the help of materials, Emperor Wisdom, and Emperor God's flame, the blacksmith upgraded the Godly Katana of Heaven and Dream. The blade length was now 82 cm. It was slightly curved and possessed Emperor Wisdom. Indeed what you would call a long Katana. The rune carved, similarly to Emperor

Wisdom, were able to increase the power of Emperor flower through the use of magic.

As an aside, in addition to the materials stated above, were used materials from Excalibur, Durandal, and Dáinsleif. The attributes had yet to be seen. What Todoroki said as the reason was『It smell like Tetsuya. Besides, there’s romance in it.』

Chapter 18 – Now, finding the template?!

(Book 2 Chapter 6) Chapter 18 Now, finding the template?!

I'm sorry there, seriously.....

(Tetsuya)「Branch chief」

(Branch Chief)「What?!」

(Tetsuya)「I'm leaving.」

Tetsuya went to the Guild and explained the news to Thomas, the Branch Chief. Tetsuya had stayed inside the walls of Berganstadt for four days already. In the meantime, Tetsuya never received a request from the Guild. Although he had no plan, he made clothes for his party. And because he wanted a butler, he tried to make original summons (He summoned what he imagined into reality.) and did it successfully.

(TL : not 100 % sure やっていた事といえば使う予定も無いのにパーティー用の服を作ったり、執事的な奴が欲しいと言って創造召喚(想像した生物を創造して召喚する)したりしていただけた) (Branch Chief)「Oh, Un. Everything's settled?」

(Tetsuya)「Yes, then I'm going now. Thank you for everything」

Thomas answered with a standard answer and didn't retain Tetsuya any longer. Even if he didn't approve of his departure, Tetsuya would have left anyway.

Tetsuya said his thanks and left the Guild.

(Tetsuya)「Eh, time to come out my Dragonー」

「I know」

After three days

= Highway??? =

(???)「Gue, preys!」

(???)「Calm down! Stupid guys!

I'll give you a lesson, lowly beings! If you complete this request, there's a big

reward!Go forth!」

(????????????????)「「「Ooooooooo!!!」」」

Likewise, these guys were the finest! They could even do anything!

However, they will all regret that they undertook this request later. And that's because they will disappear, although they don't know it yet, by the hand of one of the god's pillar.

Tetsuya along with Kagura was walking along the highway. Until now, every time Tetsuya crossed the path with someone, this someone would halt his steps to gaze at Tetsuya's demeanor. Naturally, it was an obvious reaction. It was a man wearing a jet-black dress with a perfect face sitting on a jet-black horse with the finest harness. If there was someone like this traveling on a Highway, you would unconsciously stop as well. Moreover, there was another reason. The small Izayoi was currently sitting on Tetsuya's head.

(Tetsuya)「Do we have a template?」

Tetsuya said one of his stupid things yet again. The time was around 4 in the afternoon. Usually, it's at this hour that Tetsuya would start preparing for the night. But right now, he was still walking alongside Kagura.

Kinkin

(???)「Yaaa!」

(???)「Afun!」

Kinkin

(???)「GHehehehe!」

(???)「Gwua!」

「This feeling, I feel a template...」

After Tetsuya had walked for a bit of time, he heard the sounds of a battle. When he heard them, he muttered in a small voice that seemed a bit irritated. Because a template is one of his very selfish habit of talking. But what if he actually encountered one? It would be an extremely troublesome thing.

「A—h, I encountered with your typical kind of knight.

This carriage seems to be unyielding too. Hum, what is that crest? Oh..... They should be from the Kingdom of Adol. Are they from the Royal Family?」

Chin!

(???)「Gua!」

Tetsuya observed from the distance when finally, one of the Knight died. Furthermore, one by one, all the knights got knocked down.

(Tetsuya)「For once, I'll help.」

While Tetsuya muttered, Kagura ran toward the horse-drawn carriage.

PakaraPakaraPakaraPakara

(???)「Why?『Slash』」

(Tetsuya)「Since you're killing people, then aren't you evildoers?」

(???)「You're done!」

(Tetsuya)「Shut up!」

While Tetsuya beheaded the man who killed the knight, he gave an order to Kagura.

Then, the beautiful pillar of this God began trampling onto his enemies.

(???)「What! I can't believe my eyes.」

(Tetsuya)「Leave or die!」

Tetsuya threw a slash infused with lightning magic with his Katana Emperor flower.

(Tetsuya)「Kanzaki slaughtering art of the lightning sword God(Harmonious Lightning)」

The sword backed with Thunder dropped onto the enemy's head. And from a 360° of Tetsuya, all his enemies were wiped out.

(Kagura)「Hihin!」

At the same time, Kagura used a magic that sank deeply in the enemies' head and killed them.

After that, only one of the enemy remained. This one seemed to be their

leader. Tetsuya drew closer to the man, his Emperor flower in hand. And started the interrogation.

(Tetsuya)「Your name?」

(Klap)「Kl, Klap」

(Tetsuya)「Who were you attacking?」

(Klap)「The second princess and the King of Adol.」

(Tetsuya)「Why? Did they do anything to you?」

(Klap)「I, It was a request we received!」

(Tetsuya)「Request? From whom?」

(Klap)「A guy wearing a white robe.」

(Tetsuya)「Tell me more.」

(Klap)「I couldn't see its face. It's true. You can believe me! But I heard him say in a low voice 『Duke of Sogeru』!」

(Tetsuya)「How did you knew that the King would be passing by here?」

(Klap)「Th, The one who told us why the white guy!」

(Tetsuya)「Something to add?」

(Klap)「No, I'm not an intellectual! He, hey? Is it good already? Spare me?」

(Tetsuya)「Yeah, I'll do that.」

(Klap)「Th-t-thanks」

(Tetsuya)「However, I'll tie you up.」

After that, Tetsuya bound the man with a rope. Thus, he approached the carriage and opened the door.

Chapter 19 – Encounter with the King

(Book 2 Chapter 7) Chapter 19-Encounter with the King.

(Tetsuya)「Sorry for intruding. Are you alright?」

After Tetsuya had knocked at the door of the carriage, he opened it and looked inside. What he found was a 15 years old blond haired blue eyed boy and a little girl around six years old.

(Maid)「Shh ! 」

(Tetsuya)「Owa ! Don't do anything rash!」

In front of him, a maid with brown hair held a dagger. Tetsuya dodged the attack and talked to the maid.

(Maid)「Shh ! 」

(Tetsuya)「Good evening. I killed the guys who wanted your death」

(Maid)「Shh ! 」

(King)「I.. see. Thanks, you helped greatly.」

The man bowed to Tetsuya. However, the maid didn't remain still and kept attacking Tetsuya further.

(Maid)「Apologize immediately for making his majesty bow! Shh! Respect! Ei!」

(Tetsuya)「Oh, Let me introduce myself to you. I am referred as Tetsuya Kanzaki」

(Maid)「Shh ! Respect! Ei! Ei! Ei! You didn't!」

(King Diethelm)「I am Diethelm Walen Emberg, Lord of Adol. And here is my daughter...」

(Princess Elena)「Elena • Walen • Von • Emberg Desu ///」(TL: /// mean that she's blushing) (Maid)「Shh ! Respect! Ei!」

(Tetsuya)「By the way, his Majesty the King? How about calling out to this maid?」

(King Diethelm)「Oh, hey! Sasha stop!」

(Maid)「But ! 」

(King Diethelm)「No But, stop!」

(Maid)「.....Got it.」

When Diethelm told her to stop, Sasha halted her attacks against Tetsuya. However, she was still relentlessly looking at him. Perhaps for Sasha, Tetsuya was merely a foolish guy that made the King bow. Nevertheless, Elena had already noticed Tetsuya's handsomeness since a little while ago, but he wasn't aware of it. Was he thickheaded?

(King Diethelm)「Sorry about her. Also, no need to be polite and use honorifics.」

(Tetsuya)「I will gladly do that. What is it, Princess? Do I have something on my face?」

(Princess Elena)「N, no ///」

The conclusion: Tetsuya was an idiot.

(Tetsuya)「From now, what would you like the Knights to do? Many of them survived there. You should prepare for the night.」

Tetsuya asked the King. When that happened, the King instead asked something to Tetsuya.

(King Diethelm)「What will you do after that Tetsuya?」

(Tetsuya)「Hum, me? I will go home.」

(King Diethelm)「Ah, not like that. I wanted to ask about tonight's camp」

(Tetsuya)「Nothing, that's why I will go home. Well, since I want you to understand. Come outside. I'll show you.」

(King Diethelm)「Alright」

(Maid)「Your Majesty! It's dangerous! We don't even know what does this person actually want or who he truly is!」

Diethelm readied to go out after Tetsuya answered his question. He wanted to see by himself. However, Sasha didn't agree with that. She stopped the king and said ill things to Tetsuya.

Chapter 20 – Encounter with the King 2

(Book 2 Chapter 8) Chapter 20 – Encounter with the King 2

(Tetsuya)「Oh, you can enter without the maid. Then, shall we go, King?」

(King Diethelm)「Yeah. But how did you do that thing a little while ago?」

(Tetsuya)「It's ordinary magic. My item is automatically linked to that magic.」

After he (Editor's note: I believe it's the King) had instructed the annoying maid from before to not follow, Tetsuya went out of the carriage accompanied by the King. The item Tetsuya received from the previous Emperor God was the 『Sokuseki ke (Instant home)』 that he modified when he was still inside the Fool's Abyss along with the 『Kuukan Kani (Space key)』

(Tetsuya)「《Kaihou《Open》》」

In front of Tetsuya, a black hole with the size of 3 m x 2 m appeared. The King went together with him into the hole.

Here are some specific features of the Kuukan Kani. The first one is for opening the space, 「《Kaihou《Open》》」. The second one is for closing the space, 《Heisa《Close》》. The third one is for opening Tetsuya's door, 《Kaijou《Unlock》》. The fourth one is for closing Tetsuya's door, 《Sejou《Lock》》《Kaijou》. It was 《Open》 before. However, Tetsuya changed it.

But let's return to the story itself.

(King Diethelm)「Oh! What's that!?!」

The King groaned after he followed Tetsuya and entered the place. The cause of it was a grassy plain he found when he passed through the hole. The remodeled space previously created by Tetsuya sized 300 km x 300 km. Not only that, but there was also a mountain, cherry trees and four seasons.

(Tetsuya)「That's my house. Well, let's return.」

(King Diethelm)「Eh!? Moo... already 「returning.」」

They went out as soon as they went in because the only purpose of Tetsuya was to show off his house to the King. After that, the King was a slightly... No, he

was completely regretful.

(Sasha)「Be respectful!」

(Tetsuya)「Silence, you!」

Doshin! Baki☆

(Sasha)「Kya ! 」

When Tetsuya got out of the place, the attacks from the maid were the first thing that welcomed him. However, this time, because Tetsuya was fed up by the attacks, he grabbed the girl’s right arm and threw her behind him. As a matter of fact, it was the first skill taught in the Kanzaki slaughtering art (Which at first should only be known by those inside the Kanzaki family, but known to someone like Mana-senpai.)

(Tetsuya)「What about your frenzy this the beginning? You still attacked me even when you were ordered not to? What did I do to you? I did nothing aside from helping you. Well, that King probably didn’t need my help with his strength, though.」

Tetsuya said while he was looking at Diethelm’s stats.

While Tetsuya was reviewing all the information in his brain, Diethelm asked.

(King Diethelm)「Hmm? What is it?」

(Tetsuya)「No, the question is why didn't you do it by yourself? That was what I just thought. By the way King of Adol, the Maid..... Do all the Maids from the country or all the Maids attending to the Princess attack their benefactor?」

Tetsuya always wanted to know the answer so he asked Diethelm. When he heard that, Diethelm gave a wry smile to Tetsuya.

(King Diethelm)「No, she's just overreacting. Do not get angry」

The King bowed. After hearing that, Tetsuya made a proposal.

(Tetsuya)「Apart from that, how about telling the truth? The Knights are injured, the luggage is destroyed, and it'll be nightfall soon. Frankly speaking, the night is dangerous and many may die」

(King Diethelm)「Oh, yeah... I didn't know it was so dangerous.」

(Tetsuya)「I could invite you into my house.... Would you like to?」

(King Diethelm)「Will you truly?」

(Tetsuya)「Well, if you want to enter, no one is allowed to break anything, to complain or to try and attack me. Otherwise, I would throw them out, and the attacker might even end up dead.」

(King Diethelm)「It's only natural if we want to stay in a safe place, please let me request it of you...」

(Tetsuya)「Okay then it's settled. However, train your bad mannered maid properly」

(King Diethelm)「I'll do so.」

Thus, Diethelm followed Tetsuya and stayed over inside his house.

(Princess Elena)「W, wow」

(King Diethelm)「It's amazing」

(Sasha)「Be respectful ! 」

(Tetsuya)「Stop being noisy or else I'll kick you out! Or maybe you want to sleep in the orc's den? Hey? Did you just make a noise?」

(Sasha)「Go die!」

(Tetsuya)「I don't like you. Whatever, I wonder where I will have you sleep? Should it be over there?《Teleport》」

(King Diethelm)「Wait!?!」

(Tetsuya)「Evil has been eliminated. By the way, King? Did you forget about what happened just a while ago? Can you understand how irritated I am? Though I saved you, she suddenly attacked and spat harsh words towards me. Now is the time to change her character. I had originally hesitated to use murder or torture unless it was necessary. However, I thought that throwing her inside the orc's nest where the Orc Emperor lives is what she deserves, don't you

agree? Isn't it considered quite good for how much she irritates me? Oh, do you remember the promise from a little while ago as well?」

(King Diethelm)「Of course. I will say nothing about that fellow. Well, what could I say? Still, I want to say something!」

(Tetsuya)「What is it?」

(King Diethelm)「Where is the Orc Emperor?! Because it is quite strong, I will have to send the army and hire many adventurers! And I need to do it fast!」

(Tetsuya)「Calm down. The Orc Emperor is on the 596th floor of the Dungeon. It's okay.」

(King Diethelm)「W, wow. I see. The 596th floor, then, what kind of Dungeon is it? 」

Tetsuya came accompanied by the King and the others inside his house in the other space. However, the maid who attacked Tetsuya was teleported directly to the 596th floor of the Abyss's fool's Hogerry (named by Tetsuya a little while ago) to have a change of character. The orcs were probably already raping her.

Though you may think that it's overkill as others may probably do.

The one he saved kept irritating him. Even after giving her forgiveness, when she came into his house, she was still acting dangerously. She did nothing but slashing. Which human wouldn't end up irritated by that? Tetsuya was the same. At first, he was already someone merciless, but when irritated, he did even more unforgiving things. That much was natural.

Abyss's Fool 596th floor.

The Orcs chased the maid Sasha teleported by Tetsuya. And inevitably, Sasha thought while running.

[illegible]

That's why! Because of that man! Because he came into the carriage!)

Doshin!²⁾ Sound of falling
(Sasha)「Kya!」

As Sasha was falling, she bumped into something. She was knocked onto the ground, she could see the orc, more than 4 meters in height and his inflated crotch.

As the orc was examining Sasha, he removed his dirty waistcloth from his waist. She wasn't able to budge an ounce because she was terrified. The maid couldn't move and the orc tore her clothes open with brute force.

(Sasha)「No, nooo ! 」

(Orc)「Buhi」

At that moment, the orc bent hard over Sasha.....
After a mere ten of minutes, Sasha's life was already gone. And after the orcs made sure that she was dead, munched on her.

The Knights benefited from all kind of treatment. Cooked food, a bath, ice cream and more, everything made by Tetsuya.

After that, Tetsuya asked the King what he was doing outside with so few members.

(Tetsuya)「Where were you going while you were being accompanied by this small amount of people?」

(King Diethelm)「I was on the way back to home after an inspection. Such a small number of individuals won't surprise the inspected, right? Therefore, that's

why.」

(Tetsuya)「Well thought out～」

After that, Tetsuya and the King talked about various things before they returned to their respective rooms and slept.

Afterword

Why not?

After all, many people thought of this novel as offensive.

But I thought, how someone who repaid kindness with hatred should be compensated. Therefore, I wrote that.

Do you think that it's overboard for a reward? Although many may think like this, Tetsuya did something after he experienced something close to robbery.

Tetsuya, Diethelm, and Elena were at Tetsuya's house..... Rather than a castle, it gave of the feeling that it was a godly residence.『Reirou no Yakata』had become the center of attention. ¹⁾Reirou no Yakata mean Bright mansion.

(Sebastiano)「Welcome home, Tetsuya.」

(Tetsuya)「I'm home, Sebastiano. ²⁾セバス should mean Sebastiano but I'm not sure.Is there enough food even though the number of people have increased?」

(Sebastiano)「There are no problems.」

(Tetsuya)「Can you take into calculations that a lot of them are injured and prepare adequate treatments for them?

Besides that, could you make something easy to eat for the wounded?..... When that is done, call for those two and ask them a few minutes of their time and escort them inside the staff room.

How long will you take to prepare the meals?」

(Sebastiano)「Certainly. Dinner will be available in approximately two hours. I will have Maria and Reshia guide them.」

(Tetsuya)「OK, go for it. Then congratulate them for their help」

When Tetsuya entered his house, he instructed the butler Sebastiano. He informed this man, that was something close to his right arm, of the arrival of Diethelm and his companions. After that, Tetsuya went back to his room.

(King Diethelm)「Oh ! This bed is better than the one in our Royal Palace!! Moreover, I can't believe that we are inside a magic item. And this cup was actually made of top notch glass. Furthermore, these clothes (The ones which Tetsuya usually wear) a Polo and a pair of trousers) are very comfortable.

Seriously, who is he? He can even bring a house and a country wherever he goes. It's awesome. Well, if it's that guy, nothing is impossible...」

Diethelm was laying on his bed inside 『Reirou no Yakata』, still surprised by Tetsuya.

And in the next room, Elena did the same as him.

(Princess Elena)「What kind of person is Tetsuya-san? Tetsuya-san has great magic tools and an excellent house. He looks so handsome... I want to marry him.... Wait what did I just say !?? But.....」

However, she was thinking something entirely different about Tetsuya from her Father. I would like to say “Do your best” because she already had at least three rivals.

(King Diethelm)「So good!!!」

(Princess Elena)「Delicious ! 」

(King Diethelm)「Oh, wow, it's true.」

Diethelm and Elena were eating the bouillabaisse used as the hors d'oeuvre

(Princess Elena)「So good ! !!」

(King Diethelm)「Truly delicious」

(Princess Elena)「W, wow」

After that, the two people were overjoyed from eating the onion soup. Are you two only going to say that!? Tetsuya cried on the inside.

After this, the two people ate the flounder meuniere³) flounder meuniere : <http://chattavore.com/flounder-meuniere/>, the baked Dragon pie and desserts (Diethelm and Tetsuya ate the Gateau au chocolat⁴) Gateau au chocolat : <http://dishdish.us/wp-content/uploads/2012/10/gateau-au-chocolat-PH3.jpeg> whereas Elena ate a Compote of peach⁵) Compote : <https://en.wikipedia.org/wiki/Compote>) Diethelm said the following with teary eyes.⁶) French foods are often famous amongst foreigners and the foods' names are often used by them, the author here used Higarana to explain them

(King Diethelm)「What is this! It's too delicious! Tetsuya, do you eat this every

day!? Just now, did you call it a Gateau au chocolat? Whatever, it's so good! But I feel heavier.」

When Diethelm returned to his room, he utterly shouted.

(Princess Elena)「It was tasty. If I marry Tetsuya-san..... Everyday.... And together with him...」

Elena had found yet another benefit of marrying Tetsuya.

Later on, when the two people ate an ice cream, they immediately said.
(Princess Elena)「This is too much!!!」

(King Diethelm)「This is beyond delicious!!」

Foreword

It's quite short. Sorry about that m(__)m

=====

The next morning.

(Tetsuya)「Hey, when will you guys get back to home?」

(King Diethelm)「Eh?.....Oh」

This very morning, Tetsuya was eating breakfast with Diethelm and his people. At that occasion, Tetsuya asked them. However, Diethelm seemed to have completely forgotten.

(Tetsuya)「You had totally forgotten.」

(Knight)「Kisama, you're rude!」

(Tetsuya)「Eh? What with you suddenly. You accepted my protection and despite that you said something like that?」

The Knight who heard Tetsuya point out the wrongness yelled to him. Whereas Tetsuya countered him immediately.

(Knight)「.....」

(Tetsuya)「In the end, how will you go?」

(King Diethelm)「Huh, I don't know? Tetsuya, how will you go?」

(Tetsuya)「Me? I had the intentions to ride Kagura. Oh by the way, he is not a simple horse」

When Tetsuya asked that, Diethelm asked him in reverse. Then, Tetsuya

answered that he would ride Kagura. At that moment Tetsuya thought of something else. That he may be able to use that.

(Tetsuya)「Hey, I got is a really fast guy, which can give a ride to all of you in one go.Are you interested?」

(King Diethelm)「Of course I am!」

(Tetsuya)「W, wow」¹⁾TL : Tetsuya probably thought : You’re not afraid
AHAHAHAH

(King Diethelm)「But I wonder what kind of fellow will I met!」

(Tetsuya)「You can’t complain later! Let’s see. It can fly in the air and cross the ocean. It’s a battleship which could probably destroy the world in about half a minute.」

(King Diethelm)「Wait!?!」

(Tetsuya)「Then we will depart in three hours.」

Thereafter Tetsuya ended the talk ate breakfast and left. he was now in front of The hangar which contained the tactical grade flying battleship 『Thanatos』.

As for Diethelm.

(King Diethelm)「Eh, seriously」

He muttered silently.

=====

Afterword

Foreword

Yes, I did whatever I wanted. ¹⁾はい、ハッチャケました。

=====

(Tetsuya)「Teach²⁾Teach is the name of a new character テーチ ! Begin the preparation to board 『Thanatos』!」

Tetsuya called out to the guys which remained in the other room and told them to come to the hangar 『Thanatos』.

(Teach)「Huh! Begin the preparations immediately!『Everyone, gather in front of『Thanatos』And prepare for its first voyage! (It might be outside) 』Well then, excuse me!」

(King Diethelm)「Oh. Are the ammunitions, offensive magic, and magic power for the fuel enough?」

(Tetsuya)「It's enough. We have enough ammo..... Currently, we have 9999 billion³⁾9999 000 000 000 000 000 000projectiles for the Magic Railguns, each made out of Dream Ores. 10 million⁴⁾10 000 000 000 for the Magic Cannons, whereas the ship has 100 billion⁵⁾100 000 000 000 000 000 000 for large scale bombs. Each magic gun has cartridges with 30 million⁶⁾30 000 000 000 ammos,1 million⁷⁾ 10 000 000 ammos each for the others. ⁸⁾A bit hard, 弾薬は現在..... 各通常固形魔導弾が9999京発ずつ、大砲用の各通常固形魔導弾が100億発、夢幻鉱石製の通常レールガン用の消滅弾丸が同じく9999京発、大規模用が100京発、各通常魔法弾の各カートリッジが300億ずつ、その他の各固形禁魔導弾、魔法弾、カートリッジは100万ずつあります ! As for the magic used for attacks, it amounts to 9999 fukashigi ⁹⁾10⁶⁴, too many 0. It's the same for the fuel

quantity!」

(King Diethelm)「What is the conversion rate?」

(Tetsuya)「The rate is SS. The ratio is 100 000 000 000 for a demon core used as fuel.」

(King Diethelm)「I see. Then it'll be better to use my magical power for it.」

(Tetsuya)「Is that okay?」

(King Diethelm)「It's fine, even though it seems like there are no problems. I leave the rest to you.」

(Tetsuya)「Huh!」

After Tetsuya was asked about 『Thanatos』's functions, they went toward it.

I'll try to explain 『Thanatos』's equipment here.

As the main weapons, 『Thanatos』 had small magical guns that used hardened magic bullets and larger magical canons. Inscriptions were used on the cartridges of the magical guns and the magical cannons. Railguns would fire bullets that disappeared with time, an electromagnetic launcher. Then, there were the beam cannons with charged particles. In addition, there was an electric shocker that was able to stop torpedos similar to the above equipment and small battleships that could go underwater to combat any enemies. To be able to fight in the sky, 『Thanatos』also had small drones.

Each of the small battleships and drones had a variety of guns. Pistols, assault rifles, sniper rifles, machine guns, miniguns, and cannons.

Next, I'll describe each type of ammunition.

First, the hardened bullets. They were hardened using magic and shaped in the form of a bullet. Unleashed with magic, they are used to strike the body of other objects.

Following is a description of the cartridges.

The cartridges are different depending of the cylinders of the various guns. They made use of magics and have semi-transparent columns of 6 * 3 cm or higher size. Letters and numbers were carved onto them instead of symbols like a normal magic formation. It's a magic only Tetsuya was able to pull off and

nobody could reproduce it. Each could be used 1000 times.

The small guns are cylindrical and use magazines like a normal gun.

But it can't be used for the assault rifle, sniper rifle, machine gun or cannon.

Then, the dream bullets are made of dream ores and disappear after a certain period of time. There were a lot of different sizes.

Lastly, the description of the crew.

The sailors were all produced by Tetsuya. Fighting powers for any of them was XXX. The captain himself had an immeasurable strength.

As for their equipment, they had Magic Guns as their main weapon and Railguns or Lightsabers as their second weapon. Whenever one of the users died, Tetsuya would automatically collect his equipment without him doing anything.

That's all for the rough explanation above.

Three hours later.

Together with Diethelm, Tetsuya boarded 『Thanatos』.

(Tetsuya)「Teach, we're leaving!」

(Teach)「Huh!『All members sail!』」

(Tetsuya)「Well, I guess that would work.《Kaihou》」

Thus, came the departure of the battleship 『Thanatos』.

Its destination was the king's royal capital 『Lichtenstadt』.

The journey of Tetsuya has just begun!

=====

Afterword

Tetsuya and the others boarded the tactical grade flying battleship 『Thanatos』 towards the Royal Capital. While they were leisurely enjoying the travel inside 『Thanatos』, Tetsuya and the others had been hindered by the enemy's attack. At that time, Tetsuya took action.

Next time 『Since the enemy has come to the hornet's nest, then let them be!』
